Dear Dave:

I want to thank you for your time and effort on our behalf in the lawsuit against Rolling Productions over the Maui Classic. Your evaluation of the case and your strategy in dealing with it were excellent.

Thank you for making Mike Stern available to us. He did a fine job! He was dignified, friendly, and persistent. He developed good relations with the judge, the judge's staff, and opposing counsel. During the evidential hearing, he carefully built our case, was quick on his feet, vigorously defended our interests, and gave us appropriate advice during negotiations with the judge and Rolling's attorneys. His legal brief was based on solid research, and I found his reasoning persuasive. Throughout it all, I had complete confidence in him.

During difficult times, friends are especially appreciated. Thank you for being a friend of Chaminade University!

Very truly yours,

  
Kent H. Keith
